PROFESSIONAL SUMMARY

Motivated BCA final year student with hands-on experience in Python, Java, C, MySQL and web development. Built 2 academic projects - Digital Canteen System and Student Management System using basic web development and database concepts. Looking for an entry-level internship where I can learn and apply my programming knowledge.

EDUCATION

Swami Vivekananda Institute of Modern Studies

West Bengal, India

Bachelor of Computer Applications (BCA)

Aug 2023 –May 2027(Expected)

Current SGPA: 8.41/10.0(6th sem - Pursuing)

Sodepur Sushil Krishna Sikshayatan For Girls(H.S)

West Bengal, India

Higher Secondary — 77%

Jan 2021 – March 2023

TECHNICAL SKILLS

- **Languages:** C, Java, Python
- **Web Technologies:** HTML, CSS, PHP
- **Database:** MySQL
- **AI & Machine Learning:** ML Algorithms, Data Handling, Model Building
- **Tools:** Git, GitHub, VS Code

CERTIFICATIONS & TRAINING

AI with Machine Learning using Python - Euphoria GenX (September – November 2025)

Git & GitHub - ExcelR (August 2026)

PROJECTS

Digital Canteen Management System | PHP, HTML, CSS, MySQL

GitHub: github.com/keyadas538-design/Digital_Canteen_System

- Developed a web-based food ordering platform for college canteen serving.
- QR code payment, order history & admin dashboard, reducing manual order time by 40%
- Designed MySQL database with 5+ tables for users, orders, and menu management

Student Management System - Python, Streamlit , Pandas, SQLite, SQL

GitHub: github.com/keyadas538-design/student-management-app

- Built a CRUD-based student record system with automatic SGPA/CGPA calculation.
- Created interactive dashboard using Streamlit & Pandas for data visualization and filtering.
- Implemented SQLite database with secure login and data export feature.
